Joint Coal Board

The Joint Coal Board is a body corporate with perpetual succession and a common seal constituted under an arrangement between the Governor-General of Australia and the Governor of New South Wales pursuant to the provisions of the Coal Industry Act 1946 (Commonwealth) and the Coal Industry Act, 1946 (NSW).

The main objectives of the Joint Coal Board stemming from its Mission are:

- To operate a fully funded, efficient, competitive and effective workers compensation insurance scheme for the NSW coal mining industry.
- To provide the NSW coal mining industry with an occupational health service that provides medical assessments, injury management, work environment monitoring and health educational material.
- To provide a relevant user-pays statistical service on the NSW and Australian coal industries
- To provide international training/educational courses in coal production and utilisation technology under the auspices of Australian aid programs and of international development agencies.

Our Vision

To be the best provider of integrated workers' compensation insurance and occupational health and rehabilitation services.

Our Mission

We shall deliver quality service that promotes health and welfare for our customers.

Letter to the Minister

Joint Coal Board 21/44 Market Street Sydney NSW

August 2002

The Minister for Industry, Tourism and Resources

The Special Minister of State, Minister for Industrial Relations and Assistant Treasurer

In accordance with the Coal Industry Act 1946 (Commonwealth) and the Coal Industry Act, 1946 (NSW) the Joint Coal Board presents its Final Report, covering the six months ending 31 December 2001. The report contains financial statements for the period.

The report of the Auditor-General of the Commonwealth required by the Coal Industry Act 1946 (Commonwealth) and the Coal Industry Act, 1946 (NSW) is attached to the financial statements in the report.

lan L Farrar Chairman Ronald P Land Member

a Brd

Ugo Cario Member

Chairman's Report

This is the final report of the Joint Coal Board and my last report as Chairman.

In previous reports I referred to the Federal Government's proposed withdrawal from the Joint Coal Board as part of its election commitment to place the NSW coal industry on an equal footing with other coal-producing States.

Following introduction of the Coal Industry Repeal Act 2001, and negotiations with the NSW Government, agreement was reached on the formation of a new company that will be called Coal Services Pty Limited. All resources, including staff and their entitlements, will be transferred to the new company which will undertake all the activities currently performed by the Joint Coal Board.

The Coal Industry Act 2001 was passed, effectively ceasing the operations of the Joint Coal Board on 31 December 2001. The new company, Coal Services Pty Limited, commenced on 1 January 2002.

In the six months to 31 December 2001 the Board incurred an operating loss of \$27.7 million primarily resulting from an increase of \$27 million in the outstanding claims provision to \$330.8 million. Further increases in workers' compensation premiums will therefore be required to address the solvency position of the new company in 2002/2003.

However, there are some positive indicators for the NSW coal industry. Employment rose by 1.1% to 9932 compared to the equivalent period from July–December 2000 and raw coal production increased by 5.9 % to 74.4Mt over the same period. Export tonnages fell by 1.7% to 38.4Mt. compared to the equivalent period from July–December 2000 but there was an increase in the value of coal exports – up 31.4% to \$ 2.4 billion.

Regrettably there was one fatality during the six months which occurred at Baal Bone Colliery. The Board extends its sympathy to the family of the miner.

I would like to acknowledge the support by our Federal Minister, Ian Macfarlane and our State Minister, John Della Bosca and their respective staffs during this historic change.

I would also like to thank the staff of the Board who consistently delivered a quality service during the finalisation of the transfer to the new company.

lan L Farrar Chairman

Comparative Statistical Profile

Notes (a) 2000 and 2001 figures include a 20% levy imposed in the policy year 1 October 1999 to 1 October 2000

(b) the claims rate is calculated as follows: Number of claims during the period x 100

number of employees exposed to risk during period

- (c) number of lost time injuries per million hours worked
- (d) days lost due to absences on workers compensation per million hours worked
- (e) staff numbers as at 30 June in each year
- * annualised
- # includes casuals

Finance and Investment

The consolidated financial statements for the Joint Coal Board for the six months ended 31 December 2001 follow in this report. They show an operating loss for the six months of \$27.7 million resulting mainly from an increase in the outstanding claims provision to \$330.8 million.

Premium income for the six months was \$40.9 million. Investment income was \$4.4 million representing a rate of return of 1.4 %.

Payments on claims were \$40.1 million.

The Organisation

Responsible Minister

The Coal Industry Act 1946 (Commonwealth) is administered by the Commonwealth Minister for Industry, Tourism and Resources. The Coal Industry Act, 1946 (NSW) is administered by the NSW Special Minister of State, Minister for Industrial Relations & Assistant Treasurer.

Annual Operating Plan

The Coal Industry Acts provide that the Board must by 31 May each year submit to Ministers an annual operating plan for the year commencing on the following 1 July. The plan must address the strategy the Board proposes to adopt in exercising its powers and functions.

The Annual Operating Plan for 2001/02 was submitted to both Ministers on 28 May 2001 and has been closely adhered to in the six months to 31 December 2001.

Direction on Matters of Policy

The Board is subject to the joint control and direction of the Commonwealth Minister and the State Minister. Either Minister may, with the agreement of the other Minister, issue written directions to the Board and it is the duty of the Board to carry out any direction given. When requested by either Minister, the Board must furnish reports to both Ministers on matters of policy. No direction or requirement has been issued in the six months to 31 December 2001.

Board Meetings to 31 December 2001

| Member | Eligible to Attend | Attended |
|-----------|--------------------|----------|
| Mr Farrar | 6 | 6 |
| Mr Land | 6 | 5 |
| Mr Cario | 6 | 6 |

Business of the Board

The Joint Coal Board has two major operating divisions – Coal Mines Insurance and JCB Health and between them they employ about 80% of the total staff of the Board

- Coal Mines Insurance provides workers' compensation insurance services to all coal mines in NSW.
- JCB Health provides the occupational health services associated with Coal Mines Insurance, and health-related services that enable the Board to discharge its legislated responsibilities for the health and welfare of mine workers.

The Board operates an investment portfolio and regularly reviews its investment strategy and asset allocations. It also undertakes risk management and fraud control (including occupational health & safety), internal audit, monthly financial reporting and good corporate governance and has a comprehensive statistical service that provides information on production, employment, productivity, exports and consumption of coal in NSW, as well as accident statistics related to the health and welfare of coalmine workers

The Joint Coal Board is also represented on several coal-related organisations where the strategic alliances created allow the Board's expertise to be utilised for the benefit of the NSW coal industry – examples are the JCB Health & Safety Trust and the Hunter Valley Coal Chain Council

Powers and Functions of the Board

The Joint Coal Board is constituted under an arrangement between the Governor-General of Australia and the Governor of New South Wales made pursuant to the provisions of the Coal Industry Act 1946 (Commonwealth) and the Coal Industry Act, 1946 (NSW).

The powers and functions of the Board are stated in identical provisions of the Commonwealth Act, sections 23 to 27, and the New South Wales Act, sections 24 to 28, and are as follows:

- to provide occupational health and rehabilitation services for workers engaged in the coal industry including providing preventive medical services, monitoring workers' health and investigating related health matters;
- to collect, collate and disseminate accident and other statistics related to the health and welfare of workers engaged in the coal industry;
- to refer matters relating to the safety of workers engaged in the coal industry, as it thinks fit, to the Chief Inspector of Coal Mines or the Commonwealth Minister and the State Minister for consideration;
- to provide courses in the production and utilisation of coal under international development assistance programs sponsored or administered by the Commonwealth Government or approved by the Commonwealth Minister and the State Minister;

- to report to the Commonwealth Minister and the State Minister as it thinks fit, or when requested by either Minister, on matters related to the health or welfare of workers engaged in the coal industry, or on any other matter concerning or arising out of the Board's powers or functions;
- to publish reports or information of public interest concerning or arising out of the Board's powers or functions; and
- to promote the welfare of workers and former workers in the coal industry in the State, their dependants, and communities in coal mining areas.

Until such time as the Commonwealth Minister and the State Minister direct, the Board has the following powers and functions:

 to monitor, promote and specify adequate training standards relating to health and safety for workers engaged in the coal industry; to monitor dust in coal mines; and to collect, collate and disseminate statistics related to the coal industry, other than statistics related to the health and welfare of workers.

The Board has power to establish workers' compensation insurance schemes and to require any employer in the coal industry in the State to effect with or through the Board all workers' compensation insurance in respect of the employer's employees in that industry.

Brief History

The Joint Coal Board was established in 1946 under mirror Commonwealth and State legislation which gave the Board sweeping powers over virtually every aspect of the NSW coal industry. These included control over mining methods, opening and closing of mines, distribution of coal (including its purchase and sale), regulation of prices and employment and recruitment to the coal industry. The Board also had power to acquire and operate coal mines or to manage any coal mine.

The coal industry at this time was technologically constrained and the Board, in conjunction with the NSW Department of Mines, undertook a major drilling program to identify open cut reserves. It then invested substantial capital to establish new open cut mines when no-one else would take the risk, and in mechanisation of underground mines by purchasing equipment and selling/leasing it to existing mine owners.

The Board also, at its inception, established a medical service to undertake regular medical examinations of the workforce and this initiative has largely been responsible for the reduction in the incidence of pneumoconiosis in NSW coal workers today.

Shortly after its formation the Board established its own workers' compensation insurance scheme to replace the existing scheme that was heavily subsidised by the Commonwealth. Today, the Board continues to operate an efficient, effective and competitive workers' compensation insurance scheme for all coalminers in NSW.

The Board was very active in the development of the coal industry up until a review of its operations in 1992. The Board's focus was then redirected towards occupational health and welfare. This has continued and expanded so that today the Board offers an exceptional occupational health service to the coal mining industry delivering health assessments, injury management, work environment monitoring & health education services in a professional and competitive manner.

Board Members

Appointments to the Board are for terms of up to three years. The terms of the Chairman and Members expired on 31 December 2001

IAN FARRAR, B.Comm; FCPA; FCIS; FAIM; FAICD

lan Farrar was appointed Chairman and Chief Executive Officer of the Joint Coal Board in July 1992.

Prior to this Ian was Senior Principal

Advisor to the Commonwealth Scientific and Industrial Research Organisation (CSIRO), Australia's largest research organisation and has extensive experience in research management.

RON LAND

Ron Land is the Secretary of the Northern Branch of the United Mine Workers Federation. Ron is also Deputy Chairman of CoalSuper, Company Secretary of United Mining Services

Limited, and is a Trustee of the Joint Coal Board Health and Safety Trust and the United Collieries Trust Fund.

Ron has extensive experience as an underground mine worker, with 14 years experience working for a variety of coal mines in the northern coal district, before becoming Northern District Secretary of the CFMEU in 1985.

Ron was appointed the employees' representative on the Board in February 1998.

UGO CARIO, B.Comm; CPA

Ugo is Managing Director of Austral Coal Limited – a public company owning the Tahmoor underground longwall mine located in the southern coalfields.

Ugo was appointed to Austral Ltd in January 1997 when the mine was acquired from CRA.

Prior to 1997 Ugo worked for Rio Tinto for 22 years and as General Manager was responsible for their commercial and business analysis division as well as operating the Tahmoor mine and Illawarra Cokeworks. He is also a director of the Port Kembla Coal Terminal.

Ugo was appointed as the employers' representative on the Board in July 2000.

Executive Team & Staff

Executive Team

The executive team meets at least once a month to develop and address key strategic management and policy issues relevant to the operations of the Board. Where appropriate, the team implements, or recommends that the Board implement, measures that will assist staff to improve overall performance within the Board.

The team comprises the following persons:

Mr Ian Farrar, Chairman and Chief Executive Officer

Dr Bill Kirby, General Manager, Coal Mines Insurance

Ms Sharon Buckley, General Manager, JCB Health

Mr Peter Flemming, Manager, Investment Management

Ms Kay Jones, Manager, Finance & Administration

Staff

Peter Adlington, Renae Alam, Janet Alania, Anne Anderson, Frances Arjonilla, Maria Arsenovic, Belinda Bailey, Chris Baillie, Tammy Ballard, Stephen Bevan, Tony Bezzina, Cena Biscocho, Craig Bloomfield, Lillian Bond, Marion Brien, Christine Brown, Sharon Buckley, Margaret Butler, Wendy Cairns, Sue Calvert, Natalie Card, Judy Carlisle, Victoria Catimbang, Lynne Chapman, Jacqueline Chevis, Helen Chung, Karen Clape, Wendy Cordell, Ken Cram, Judith Creagh, Jill Davidson, Neil Derwent, Rebecca Dicks, Margaret Donald, Julie Evans, Anne Evers, Sandra Felder, Lyn Ferguson, Peter Flemming, Leisa Floyd, Susan Fox, Belinda Frandsen, Stephanie Gilfillan, Sue Gilroy, Antony Gloss, Glenn Goodwin, Jane Gorton, Jenny Gould, Sarah Hamilton, Stella Hardas, James Hardy, Julie Heuston, Natalie Hewitt, Tanya Howe, Eva Hua, Ben Hutton, Suzanne Johnson, Anissa Jones, Kay Jones, Paul Junee, David Kane, Judy Keller, Chris Kelly, Jody Kerr, Kim Kerr, Bill Kirby, Brian Kirkland, Allen Lee, Paul Livingston, Gary Mace, Janelle Mackee, Dana MacPherson, Donna MacPherson, Fernando Mariano, Karina Mason, Chere McCamley, Graeme McDonald, Lynette McKinnon, Freda Meenaghan, Connie Merritt, Jo Midwinter, Carol Mische, Narelle Morsillo, Ellen Mungoven, Gail Narvo, Danny Ngo, Kirsten Nicholls, Nola O'Connor, Mark O'Neill, Tom Packovski, Lynette Pike, Bill Pollock, Ellen Prescott, Geoff Pritchard, Sarah Pryor, Maria Reynolds, Carla Ridolfi, Liz Rienstra, Cheryl Roach, Alison Robinson, Karen Rock, Rebecca Rumbel, Melinda Scott, Amanda Schultz, Lynn Sinclair, Calee Smith, Luisa Solari, Jacqui Solomon, Chris Sparsis, Sandra Speakman, Pauline Suhr, Debbie Tancred, Sally Taylor, Sandy Thai, Belinda Thomas, Peter Thurgood, Lyn Tran, Kylie Vanderlely, Donna Varley, Shamali Viswakula, Karen Walker, Kim Wilkinson-Kerin, Fiona Williams, Kristy Williams, Sharyn Williams, Denise Willis, Roger Willis, Elaine Winterbine, Renia Woodard, David Wu, Jenny Young.

Corporate Governance Statement

Board

The Board is responsible for the business of the economic entity, including its strategic direction within the parameters established by its governing legislation, establishing goals for management and monitoring achievement of those goals. The Board has established a framework for corporate governance which includes an Audit Committee, a process for the identification of risk and its management through a system of internal control and the establishment of appropriate ethical standards.

The Board consists of three people: an independent Chairperson, a Member representative of coal industry employers, and a Member representative of coal industry employees.

Audit Committee

The Audit Committee comprises the two Members of the Board representing the coal industry's employers' and employees' interests and a retired general manager of the Board.

The role of the Committee is to review all aspects of the internal and external audit processes, including the monitoring of the identification and management of risk. Details of the systems reviewed by the Audit Committee appear elsewhere in this report.

Risk Management and Control

The Board acknowledges that it is responsible for the overall internal control framework. To assist in discharging this responsibility the Board has instigated an internal control framework which includes:

Risk Management and Internal Control System

The risks involved in achieving the Board's objectives and the system of internal control in place to ensure that those risks are kept within acceptable limits are monitored by the Audit Committee through Internal Audit.

Financial Reporting

A comprehensive budgeting system is in place. Monthly actual results against budget are reported to the Board and variations examined.

Fraud Control

The Board has a fraud control plan in place and it is updated on a regular basis. The current assessment of the plan is that the potential for fraud at the Board is low

Internal Audit

An internal auditor reports directly to the Chairman of the Audit Committee and is responsible for monitoring, investigating and reporting on the system of internal control and the risks that this system mitigates.

Ethical Standards and Code of Conduct

The Board recognises the importance to good corporate governance of a high standard of conduct by the Board and its people. The Board has a Code of Conduct for its Members, and one for its staff.

Code of Conduct

Board Members

The Board has instituted a code of conduct for the Chairman and Members to ensure they act in good faith, with appropriate skill, care and diligence in the interests of the NSW coal industry. They have a fiduciary duty of loyalty to the Joint Coal Board as a whole and to meet these requirements the Chairman and Members must:

- at all times act honestly
- exercise due care in the performance of their duties
- be diligent, attend Board meetings and make themselves knowledgeable about the operation of the JCB
- ensure that systems are established within the JCB to provide sufficient and accurate data on a regular and timely basis
- act in the interests of the JCB as a whole
- avoid conflicts of interest
- be independent in their judgements and actions
- maintain confidentiality of information provided and not disclose it unless there is agreement of the Board to do so.

Ethical Standards

Our first responsibility is to the people who comprise the NSW coal industry; the workers and the management of the coal mining companies to whom we provide a service. In meeting their needs everything we do must be of high quality. Without compromising quality we must constantly strive to reduce our costs to ensure premiums are minimised and services we provide on a "user pays" basis are provided at reasonable prices. Services we provide to our stakeholders must be provided efficiently and be of a high quality. Advice to Ministers must be timely and unbiased. Suppliers of goods and services to the Board must have an opportunity to compete for our business on an equitable and fair basis, and we must recognise their legitimate aim is to make a fair profit.

We are responsible to our employees; each must be considered as an individual.

We must respect the dignity and recognise the merit of each employee. Remuneration must be fair and adequate, and working conditions clean, orderly and safe. Employees must feel free to communicate and to make suggestions and complaints. There must be equal opportunity for employment, development and advancement for those qualified. We must provide competent management and the actions of management must be just and equitable.

Associated Groups, Committees and Appendices

The Joint Coal Board is represented on several coal related organisations. The strategic alliances created allow for the Board's expertise to utilised to the benefit of the NSW coal industry.

Audit Committee

The Joint Coal Board established the Audit Committee to assist it to meet its responsibility for good corporate governance and accountability. During the six months to 31 December 2001, membership of the committee was as follows:

| Ugo Cario | Board Member | Chairman of the Committee |
|---------------|-------------------------|---------------------------|
| Ron Land | Board Member | Member of the Committee |
| Lloyd O'Brien | Past General Manager | Member of the Committee |

Representatives from the Board's Internal Audit function and relevant managers attend meetings of the committee, whose function is to review and guide the internal audit process. During the six months to 31 December 2001, the Audit Committee reviewed reports from the Board's Internal Auditor on the following systems:

- claims and related systems including miners' group certificates
- JCB Health internal communications
- premium rate setting
- premium income
- · purchasing and creditors
- investments
- property
- health and safety trust
- funeral benefits trust
- audit committee preparations

- audit planning and liaison
- external audit recommendations

The committee also meets periodically with delegates from the Australian National Audit Office to coordinate the total audit function and to receive any reports from them relating to internal control. The Board's financial statements are reviewed by a separate committee.

Occupational Health and Safety Committee

The Joint Coal Board Occupational Health and Safety Committee comprises a representative from each Board office and a management representative. The purpose of the committee is to help to identify, report on and monitor issues relating to the occupational health and safety of the Board's staff.

Four Committee meetings were held throughout the year – one each at the offices in Lithgow, Warners Bay, Singleton and Sydney.

Hunter Valley Coal Chain Council

The Joint Coal Board chairs the Hunter Valley Coal Chain Council and provides its Secretariat. The Council met quarterly to discuss issues and resolve problems arising across the coal chain in the Hunter Valley. Meetings were held at Joint Coal Board, Warners Bay; Department of Mineral Resources, Gateshead; Newcastle Port Corporation, Newcastle & CFMEU offices, Cessnock.

Membership of the Council is drawn from organisations including PWCS, Newcastle Trades Hall Council, FreightCorp, CFMEU, Department of Mineral Resources, Department of Industrial Relations (State), the Newcastle Port Corporation and the Maritime Union of Australia. The Council's wide representation from organisations across the coal chain helps to identify potential problems before they arise, and provides a forum for addressing issues of concern to the Members.

Freedom of Information

The Board's statement for the purposes of the Freedom of Information Act 1982 appears in accordance with Section 8 of the Act as follows:

FOI Procedures and Initial Contact Points

All enquiries for access to documents under FOI should be made to the Human Resources Officer, Joint Coal Board, 44 Market Street, Sydney, Telephone (02) 8270 3200. Board publications may be obtained and inspected at this address

Arrangements for Outside Participation

As the Board is set up under essentially identical Acts of the New South Wales and Commonwealth Parliaments, the right of the New South Wales Government to participate in the Board is the same as that of the Commonwealth Government. There is no other formal arrangement for outside participation.

Categories of Documents

Publications produced by the Board are listed elsewhere in this report. The Board maintains files containing documents relating to its functions and responsibilities and to its internal administration. Documents include personnel records, reports, minutes, correspondence and accounting records. Other categories of documents held are medical data on coalmine workers, accident statistics, Board Orders and Alnewcol Circulars.

The Board's business records, accounting records, statistical data and accident data are accessible by computer. No requests for information under FOI were made in the six months to 31 December 2001 for information held by the Board.

Statistical Publications New South Wales Coal Statistics

Annual publication containing comprehensive statistical information on production, employment, productivity, exports and domestic consumption of New South Wales coal.

Australian Black Coal Statistics

Annual publication produced in co-operation with the Department of Mines & Energy, Queensland. Contains a wide range of industry statistics for the 2000 calendar year, resource data and producers directory

Lost-Time Injuries and Fatalities, New South Wales Coal Mines

Annual publication containing lost-time injury and fatality statistics for NSW coal mines.

Injury and Disease Claims, New South Wales Coal Mines

Annual publication containing injury and disease claim data for NSW coal mines.

Australian Longwall Quarterly Report

Production, productivity and equipment information on an individual mine basis to assist the underground longwall industry to gauge performance. 4 issues – March, June, September and December quarters plus a copy of:-

Australia's Longwalls

Annual publication co-produced with Australia's Mining Monthly – comprehensive profiles on longwall mines, new projects and a statistical review of the calendar year.

Visit the JCB Website at www.jcb.org.au for a complete list of publications, price list and order forms.

Joint Coal Board Statement by Board Members

In the opinion of the Board members, the accompanying statements of the Joint Coal Board and of the Group for the six months ended 31 December 2001, give a true and fair view of the matters required by Schedule 1 of the Commonwealth Authorities and Companies (Financial Statements 2000–01) Orders, issued by the Finance Minister.

At the date of this statement there are reasonable grounds to believe that the debts of the Joint Coal Board will be able to be paid as and when they fall due.

Signed in accordance with a written resolution of the Board.

lan L Farrar Chairman

16 May 2002

Ronald P Land Board Member

Notes to the Financial Statements

for six months ended 31 December 2001

Note 1

Summary of Significant Accounting Policies

(a) Basis of preparation

The financial statements are a special purpose financial report for the six months ending 31 December 2001, and have been prepared in accordance with Schedule 1 to Commonwealth Authorities and Companies (Financial Statements 2000–2001) Orders issued by the Finance Minister.

The financial statements have been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Accounting Standards Board (Accounting Guidance Releases) and the Consensus Views of the Urgent Issues Group, and having regard to Statements of Accounting Concepts.

The financial statements have been prepared on an accrual basis and are in accordance with historical cost convention, except where otherwise stated.

Accounting policies adopted are consistent with those of the previous years.

(b) Principles of consolidation

The consolidated financial statements are those of the economic entity comprising the Joint Coal Board (the parent entity) and Coal Mines Insurance Pty Limited, a controlled entity.

The effects of all transactions between entities in the economic entity are eliminated in full.

(c) Premium revenue

Workers compensation insurance policies are written by the parent entity on an annual basis. Premium revenue is recognised by the parent entity as soon as the amount can be reliably measured. This predominately occurs each

month, as policyholders make their monthly instalment payments. These instalments are calculated at the appropriate premium rate on the wages actually paid during the preceding calendar month.

The earned portion of premiums received and receivable is recognised as revenue. Any unearned premiums are determined by apportioning the premiums received during the year on a daily pro-rata basis.

(d) Outwards reinsurance

Premium paid to reinsurers is recognised as an expense in accordance with the pattern of reinsurance service received.

(e) Claims

The liability for outstanding claims covers claims reported but not yet paid, claims incurred but not yet reported (IBNR) and the anticipated direct and indirect costs of settling those claims.

Claims outstanding are assessed on the basis of statutory obligations and accident pay agreements, and are subject to independent actuarial assessment.

The liability for outstanding claims is measured as the present value of the expected future payments reflecting the fact that all the claims will not be paid out in the immediate future. These payments are estimated on the basis of the expected ultimate cost of settling claims, which is affected by factors arising during the period to settlement such as normal and superimposed inflation. The expected future payments are discounted to present value at the balance date using long term, market-determined, risk-adjusted discount rates. Details of inflation and discount rates adopted are included in note 18.

(f) Income tax

The operations of the Joint Coal Board are not subject to income tax.

The operations of Coal Mines Insurance Pty Limited are subject to income tax, where those operations are conducted as principal and not as delegate of the Joint Coal Board. Tax effect accounting procedures are followed whereby the income tax expense in the statement of financial performance is matched with the accounting profit (after allowing for permanent differences). Income tax on net cumulative timing differences is set aside to the deferred income tax and future income tax benefit accounts at the rates which are expected to apply when those timing differences reverse. The future tax benefit relating to tax losses is not carried forward as an asset unless the benefit can be regarded as being virtually certain of realisation. This benefit will only be obtained if:

- (i) the taxable entity derives future assessable income of a nature and of an amount sufficient to enable the benefit from the deductions for the losses to be realised;
- (ii) the taxable entity continues to comply with the conditions for deductibility imposed by tax legislation; and
- (iii) no changes in tax legislation adversely affect the taxable entity in realising the benefit from the deductions for the losses

(g) Depreciation of plant and equipment

Items of plant and equipment at cost are depreciated at rates based upon their expected economic lives. The minimum limit for the capitalisation of expenditure is \$1,000.

(h) Maintenance and repairs

Maintenance and repair costs are charged as expenses.

(i) Investments and investment income

Investments are taken up in the financial statements at net market value at balance date. Investments include all land and buildings owned by the Board.

Changes in the net market values of investments at the balance date from their net market values at the previous balance date (or cost of acquisition, if acquired during the financial year) are recognised as revenue or expense in the statement of financial performance.

Net market values are determined as follows:

- Land and buildings by Board officers based on assessments provided by independent registered valuers
- Fixed interest securities by reference to market quotations
- Australian shares by reference to market quotations
- Equity trust units by reference to unit redemption prices
- Property trust units by reference to market quotations
- Gunnedah rail loop and loader by Board officers

Where material, estimated costs of realisation are deducted.

Investment revenue is brought to account on an accruals basis. Dividends and distributions on quoted shares and property trusts are deemed to accrue on the date the shares or property trusts are quoted ex-dividend or ex-distribution.

(j) Cash

For purposes of the statement of cash flows, cash includes deposits at call which are readily convertible to cash on hand and which are used in the cash management function on a day-to-day basis, net of outstanding bank overdrafts.

(k) Operating leases

Operating lease payments are charged to the statement of financial performance in the periods in which they are incurred, as this represents the pattern of benefits derived from the leased assets.

(I) Employee entitlements

(i) Annual and long service leave

A liability for annual and long service leave is recognised and measured in respect of services provided by employees up to balance date.

The liability for annual leave is measured at its nominal value and is expected to be settled within twelve months.

The liability for long service leave is measured as the present value of estimated future cash outflows. In estimating future payments regard is had to expected future salary levels and experience of employee departures and periods of service. The expected future payments are discounted to present value at the balance date using a discount rate of 7.25%.

(ii) Superannuation

A liability or an asset in respect of defined benefit superannuation is recognised and measured for schemes administered by the SAS Trustee Corporation (STC), based on an assessment made by the STC actuary (William M Mercer). These schemes include State Superannuation Scheme, State Authorities Superannuation Scheme and State Authorities Non Contributory Superannuation Scheme.

(m) Comparative Figures

Comparative figures are for the twelve months ending 30 June 2001. Where appropriate, they have been reclassified so as to be comparable with the figures presented for the current six month period. Figures for the six month period ending 31 December 2000 were unavailable.

(n) Rounding

Amounts have been rounded to the nearest \$1,000 with the following exceptions:

- remuneration of Board members,
- remuneration of executives,
- remuneration of auditors

and where included as part of the narrative of a note

The symbol "~" has been used for amounts greater than zero and less than \$500.

| Income tax losses for the current year not brought to account | ~ | (1) |
| Income tax losses not previously brought to account now utilised | _ | _ |
| Income tax attributable to operating profit | _ | _ |
| The directors of the taxable entity estimate that the potential future income tax benefit at 31 December in respect of tax losses not brought to account is: | 16 | 16 |

This benefit for tax losses will only be obtained if:

- (i) the entity derives future assessable income of a nature and of an amount sufficient to enable the benefit from the deductions for the losses to be realised;
- (ii) the entity continues to comply with the conditions for deductibility imposed by tax legislation; and
- (iii) no changes in tax legislation adversely affect the entity in realising the benefit from the deductions for the losses

| Non-current | 1,013 | 976 |
| | 1,670 | 1,730 |

Superannuation entitlements

During the year, the parent entity participated in various superannuation schemes that offered either defined and/or accumulated benefits to employees on retirement, disability or death. These schemes included the State Superannuation Fund, the State Authorities Superannuation Scheme, the State Authorities Non Contributory Superannuation Scheme, First State Superannuation Scheme, and various personal superannuation schemes administered by financial institutions.

Contributions are made to the schemes by employees and the parent entity based on salary and within the rules of each scheme. The total amount paid or payable by the parent entity was \$213,405 (June 2001 – \$425,677). This amount includes \$91,113 (June 2001 – \$180,889) paid as part of salary packages and is included as part of the salaries and wages expense. Current employer contributions to all schemes are calculated to meet the full cost of the parent entity's liabilities under each scheme.

The gross superannuation liabilities for the defined benefit schemes administered by the SAS Trustee Corporation (STC) are assessed each year by the STC actuary. The difference between the gross liability and the employer reserve account balance held by STC for each scheme is recognised either as a liability or an asset. There is no provision for superannuation liability in these statements. Prepaid superannuation contributions for the State Superannuation Scheme, the State Authorities Superannuation Scheme, and the State Authorities Non Contributory Superannuation Scheme are shown as an asset at Note 13.

| \$150,000 and \$159,999 | _ | 1 |
| \$170,000 and \$179,999 | _ | 1 |

There were no executives paid \$100,000 or more in the period. The remuneration amounts reported at June 2001 included \$101,452 relating to payments made to superannuation schemes, and termination payments to one executive totalling \$89,961.

The Chairman of the Board, who is also the Chief Executive Officer, has not been included here, but is included at Note 26.

Related Parties (Consolidated and parent entity)

Board Members

The names of the persons who were Board Members at any time during the six month period were as follows:

I L Farrar (Chairman); R P Land; U Cario.

Each member, acting as a nominee of the Joint Coal Board, held a \$ 1 ordinary share in Coal Mines Insurance Pty Limited at 31 December 2001.

I L Farrar and R P Land were trustees of the Joint Coal Board Health and Safety Trust. The Trust is independent of the entity. All transactions with the Trust are shown separately in these financial statements.

(a) Remuneration

The aggregate remuneration (including superannuation payments) of Board Members is disclosed at Note 26.

- (b) Transactions with Board Member related entities
 - (i) Income transactions

R P Land is the company secretary of United Mining Support Services, and secretary of the Northern District, Mining and Energy Division, Construction Forestry Mining and Energy Union. During the period Joint Coal Board provided Workers Compensation insurance services to these organisations. All transactions were conducted under normal commercial terms and conditions.

R P Land is a director and Chairman of Coalsuper Services Pty Ltd. During the period Joint Coal Board provided office space for rental to Coalsuper Services Pty Ltd. All transactions were conducted under normal commercial terms and conditions.

U Cario is the managing director of Austral Coal Limited, a director of Tahmoor Coal Pty Ltd, and a director of Port Kembla Coal Terminal Limited. During the period Joint Coal Board provided workers compensation insurance services to these organisations.

All transactions were conducted under normal commercial terms and conditions.

Aggregate amounts of each of the above income transactions with director and their director related entities are:

| | 31 Dec 2001 \$'000 | 30 June 2001 \$'000 |
|----------------|-----------------------|------------------------|
| Premium Income | 3,196 | 4,634 |
| Rental Income | 64 | 123 |

(ii) Other transactions

R P Land is a director of Coalsuper Pty Ltd.

The parent entity has indemnified Coalsuper Pty Ltd for its liability to pre-1978 pensioners in the Statutory Fund. Details of the indemnity are disclosed at Note 20.

Controlled entity

All claims on policies issued by the controlled entity are managed by staff of the parent entity.

Other Related Parties

The parent entity holds a nominee directorship in Mount Thorley Coal Loading Limited.

The parent entity has made a loan to Mount Thorley Coal Loading Limited which is secured by a bank guarantee. As at 31 December the amount outstanding on the loan was \$1,010,000. During the period, the parent entity received \$37,875 interest on this loan.

Subsequent Events

Pursuant to the Coal Industry Act 2001, the parent entity was dissolved at 31 December 2001.

On 1 January 2002, the assets, rights and liabilities of the parent entity were transferred to a new entity, Coal Services Pty Ltd, which is owned jointly by the NSW Minerals Council, and the Construction Forestry Mining and Energy Union.

Note 33

Going Concern

In view of the significant losses incurred in the six months ended 31 December 2001 and the negative equity reported, the Board of the parent entity has carefully considered the going concern assumption underlying this financial report.

As at 31 December 2001 the entity has net asset deficiency of \$24.4 million, and a loss for the half year of \$27.7 million.

Pursuant to the Coal Industry Act 2001, the New South Wales Government has:

- undertaken to continue the monopoly status of the new entity, Coal Services Pty Ltd;
- given the power to the new entity to require, if necessary, coal industry employers to pay a contribution to it to meet any overall deficit in its net assets position in any financial year.

This is designed to ensure the ongoing viability of the new entity as a going concern.

Note 34 Financial Instruments (Consolidated) a) Terms conditions and accounting policies

| Financial Instrument | Accounting Policies and Methods | Nature of underlying instrument |
|---------------------------------|--|--|
| Financial Assets | | |
| Deposits at Call | Deposits are recognised at their nominal amounts. Interest is credited to revenue as it accrues. | Temporarily surplus funds are placed in call money market investments awaiting further investment opportunities. Interest is earned on the daily balance and is paid at month end. |
| Receivables | Receivables are recognised at the nominal amounts due less any provision for bad and doubtful debts. | Credit terms are between 7 and 30 days depending on the nature of the receivable. |
| Equity Loan | Equity Loan is valued according to market quotations. | Loan is secured by a bank guarantee. Interest payable monthly. |
| Government Securities | Securities issued by Governments and their authorities are valued according to market quotations. | These securities are guaranteed by the issuing government and traded in active markets. Interest is payable half-yearly. |
| Corporate Securities | Securities issued by Banks are valued according to market quotations. | These securities are traded in active markets. Interest is payable half-yearly. |
| Mortgage Bonds | Securities issued are valued according to market quotations. | These securities are guaranteed by the New South Wales government and traded in active markets. Interest and capital repayments are made half-yearly. |
| Short Term Deposits | The deposit is recognised at cost. Interest is accrued as it is earned. | Surplus funds held in short term deposits maturing in 2002. |
| Shares in listed companies | These shares are carried at market value. Movements in these values are recognised in accordance with AAS26 'Financial reporting of general insurance activities'. Dividend income is recognised when declared by the investee. | The shares held are ordinary shares. |
| Units in listed property trusts | These units are carried at market value. Movements in these values are recognised in accordance with AAS26 'Financial reporting of general insurance activities'. Distribution income is recognised when declared by the trust. | The units held are ordinary units. |
| Managed Funds | Units in managed funds are carried at market value. Movements in these values are recognised in accordance with AAS26 'Financial reporting of general insurance activities'. Distributions are recognised when declared. | The units held are ordinary units backed by Australian shares, Overseas shares or Fixed interest securities. Distributions are made quarterly or annually at the discretion of the fund manager. |
| Financial Liabilities | | |
| Trade Creditors | Creditors and accruals are recognised at their nominal amounts, being the amounts at which the liabilities will be settled. Liabilities are recognised to the extent that the goods or services have been received (and irrespective of having been invoiced). | Settlement is usually made in accordance with the creditor's trading terms. |
| Indemnity | The indemnity is measured as the present value of the expected future payments. | Payments are made in monthly instalments. Further details are disclosed at note 20. |

Financial Instruments (Consolidated)
