Hours per Year

Year 1   Year 2   Year 3   Year 4   Year 5

Previous Hours
Current Hours
Remaining Hours

The light blue represents what was been entered in that certificate year, dark blue is what has been completed in total up to the end of that year and the yellow is what remains to meet the requirement.

NOTE: *for the following rules the yellow colour indicates the requirement has not yet been met, and green indicates that the requirement is met.*

Rule 1.   Total Hours

This rule combines multiple rules together to give an indication of if the user satisfies a total hours check. The rules checked are:
   i.   Check if any one year contains more than one third of the users total learning hour requirement
   ii. Checks to see if the user has completed enough hours for Year 3 (Checking no 2-year gap)
   iii. Checks to see if the user has **not** completed more than two thirds of their hours by the end of year 4 (can't make one third of hours in final year)
   iv. Checks to see if user has completed their total hour requirement before the end of year 5

> **Total Hours**   ⚠️
>
> This requirement has not yet been fulfilled. You have recorded a total of **48 hours** out of a required **60 hours**. This leaves **12 hours** to go.
>
> *Note: Hours have been calculated against the Maintenance of Competence Scheme for this total. Some hours may be capped such as Hours over 33% per year, Formal/Informal Learning limits, for example.*

Rule 2.   Has Learning hours in All Four Mining/WHS Subject Areas

This rule checks to see if the subtopics underneath Mining/WHS all have recorded learning in them
   i.   Principal control plans
   ii. Principal hazards
   iii. Safety Management system
   iv. Specify Control Measures

> Has Learning Hours in All Four Mining and WHS System Subjects   ⚠️
>
> This requirement has not yet been fulfilled.

Rule 3.   Has One Third Learning Hours in Mining and WHS systems

This rule checks to see if there is at least one third of hours allotted to Mining/WHS topic area

> Has One Third Learning Hours in Mining and WHS systems   ⚠️
>
> This requirement has not yet been fulfilled. You have recorded a total of **18 hours** out of a required **20 hours**. This leaves **2 hours** to go.

Rule 4.   Has One Third Learning Hours in Leadership and management, Emergency management, Legislation

This rule checks to see if at least one third of hours is allotted to Leadership and management, Emergency management, Legislation topics

> Has One Third Learning Hours in Leadership and management, Emergency management, Legislation   ✔️
>
> This requirement has been fulfilled with a total of **22/20 hours**

Rule 5. Minimum Formal Learning Hours

This rule checks that the user has recorded at least two thirds of their hours under Formal Learning

> **Minimum Formal Learning Hours** ⚠️
>
> This requirement has not yet been fulfilled. You have recorded a total of **31 hours** out of a required **40 hours**. This leaves **9 hours** to go.

Rule 6. Has Learning in Topics Leadership and management, Emergency management, Legislation

This rule checks to see if there is more than zero hours allotted to Leadership and management, Emergency management, Legislation

> **Has Learning in Topics Leadership and management, Emergency management, Legislation** ✔️
>
> This requirement has been fulfilled.

Rule 7. Disaster Learning Requirement Completed

Checks to see if there is a minimum of 7 hours learning in the topic General WHS Topics > Learning from relevant past disasters

> **Disaster Learning Requirement Completed** ✔️
>
> This requirement has been fulfilled.
